### GENESEE COUNTY AGRIPLEX STORAGE DEPARTMENT REQUIREMENTS

1. All portable propane/butane gas tanks and portable fuel tanks must be removed or emptied by order of the Fire Marshall. (Reference NFPA, Chapter 5, paragraph 5100.) Exception: container 2 1/2 lbs. and under, not exceeding 24 containers.

3. Vehicles are stored on assigned dates in the fall and are removed from storage on assigned dates in the spring. Removal dates are April 16 & 17. Removal dates are assigned in order to limit the moving of your vehicle. If you are unable to keep your removal appointment, we will charge \$25.00 for each additional day we store your unit.
4. For customers who wish to check on their stored vehicle, there will be a \$10.00 per one-half hour entry fee charged to gain entrance to the area where the unit is stored. Entry appointments must be made 48 hours in advance. These appointments are not for removing vehicles.
5. The storage department must have a phone number on file where you can be reached in case of an emergency.
6. The storage department reserves the right to place units where the department deems most appropriate.
7. All storage locations are unheated; therefore, your unit must be winterized.
8. It is the customer's responsibility to carry insurance on the stored unit. The Genesee County Agricultural Society assumes no responsibility for any loss, damage, vandalism, destruction, security or protection of property which is placed in storage.
9. All units will be measured from **"tip to tip" including the tongue on trailers**. This measurement may not agree with your title card.
10. The storage department recommends that you cover your vehicle.
